Hi Howard,

It was nice talking to you today. I certainly appreciate your response to our concern about the many similarities in your new logo that reflect many of our logo features going back to the mid-1980's.

Your professional and gentlemanly response is truly appreciated. I am glad I called you personally so we could fix this together as friendly competitors and leave others outside our companies out of it.

Once you are done traveling, come back to me to let me know how we can finalize mutually acceptable changes.

Thanks again.

Sincerely,

DAVID
